

Head Over Wheels

Jason Duke, Chris Yurchuck, Joe Hanson

-VERSE 1-

She was a bucket of rust
She didn't look like much
But her gas pedal worked just fine
The minute that my old man
Put them keys up in my hand
Every inch of this town was mine

-PRE-

Straightened out a couple backroads with her
Busted one or two curfews with her

-CHORUS-

That Chevy was a radio on 4 good years
My ticket anywhere even outta here
Ohh time of my life, ohh love at first drive
Something fifteen only gets to dream about
Something sixteen knows he can't live without
Once I got a taste of how that freedom feels
I fell for her, head over wheels

-VERSE 2-

Front row to some riverbank stars
Backdrop to my first broke heart
I bet that dashboard thought I was crazy
No matter how far we'd go
she could always get me back home
She was with me every mile that made me

-BRIDGE-

I don't know where she is now
I hope she's still riding round
